

EMBRACE the TRACE™

POWERED BY FORTIOR SOLUTIONS

REOPEN SCHOOLS WITH CONFIDENCE; RELY ON CONTACT TRACING AND TESTING

The Embrace the Trace™ program supports Oregon schools' initiatives to safely reopen. The program enables schools to quickly identify and report COVID-19 exposures to local public health authorities for contact tracing. We also coordinate onsite COVID-19 testing to offer a complete, integrated contact tracing and testing solution. Immediate response, action and communication gives students, parents, teachers and staff peace of mind and confidence to reopen our schools. Be prepared and responsive with the Embrace the Trace program!
